3. RULES AND REGULATIONS

Detailed information about the current ISSF Rules and Regulations is available on the ISSF website **www.issf-sports.org**

The **ESC Challenge events** will be conducted in accordance with the **ESC General Regulations** and the **ESC Challenge** rules. The rules and competition formats can be found on the ESC: **https://esc-shooting.org/documents/escrules**

The Juries (Competition Jury, RTS/ Equipment Control Jury) have been designated by the ESC to supervise the Championship. Qualified Referees holding the applicable ISSF Licenses will conduct the competitions.

Shotgun Equipment
All skeet athletes must have ISSF seals with serial numbers on their marker tapes. Any shooting vests that do not have ISSF seals on the marker tapes must be submitted to Equipment Control Jury for inspection and the affixing of a seal before the competition.

Equipment Control will be conducted in accordance with ISSF Rules using approved and calibrated instruments. Pre-competition testing is not mandatory; however, athletes are responsible for ensuring that their equipment and clothing comply with the applicable rules.
All athletes are encouraged to submit any equipment or clothing they consider to be in doubt to Equipment Control or the Shotgun Jury for verification prior to the competition.

All athletes are subject to random checks during the competition. Athletes found to be in violation of the rules for guns or skeet marker tapes will be **disqualified**.

Cartridge Controls
During the competitions, athletes whose cartridges are to be tested will be selected by a computer draw. Between 10% and 18% of athletes participating in an event will be selected for cartridge testing. **Two (2) plus four (4)** cartridges will be taken from each athlete and placed in separate labelled envelopes.

The **two (2)** cartridges must be tested first. If both cartridges weigh 24.50g or less, no further action will be taken. If one or both cartridges weigh more than 24.50g, the **four (4)** cartridges in the second envelope must then be tested. If the average weight of all **six (6)** cartridges exceeds 24.50g, the athlete must be disqualified (DSQ).

In accordance with ESC rules, the Jury may also decide to conduct cartridge controls during the Final stages of each event.

Coloured Wads
Only transparent or translucent wads with no colour may be used.

Any athlete found using ammunition that does not comply with ISSF Rules will be disqualified (DSQ).

Participants from countries requiring an **Entry Visa** for Greece should apply to the Greek Embassy or Consulate in their country of residence well in advance of departure.

For more information, please visit the following link:
https://ec.europa.eu/commission/presscorner/detail/en/qanda_20_149

Federations requiring a specific **Invitation Letter** to apply for a Sport Visa must contact the Organising Committee no later than **27/7/2026** via email: gre-escevent@skoe.gr

Please note that for some countries, this deadline **may be too late** to allow sufficient time for visa applications.

Please note that the Hellenic Shooting Federation and the Organising Committee have no influence over embassy decisions. Invitations can only be issued for the duration of the European Championship and any official pre-event training.

Visas Will Not be granted upon arrival at the airport.

Customs Formalities, Import of Weapons

Upon entering Greece, you must present an invitation letter and declare all firearms to the police at the border. You will be required to present an official firearms owner's certificate.

EU Firearms Pass Holders: Participants with a valid EU Firearms Pass simply need to present it to the police officer. No additional forms or taxes are required.

NON-EU PARTICIPANTS (or those without an EU Firearms Pass):

Import and Registration of Firearms and Ammunition
In order to comply with Greek firearms legislation, a firearms permit must be issued by the Greek State for the duration of the ESC Shotgun Championship for every firearm entering the country for training and competition purposes.

To facilitate this process, each athlete must submit:

- a completed copy of the attached firearms declaration form, and
- a copy of their valid shooting licence issued in their home country

These documents must be submitted prior to arrival.

It is the responsibility of the National Federations to complete the required forms with all necessary information regarding the firearms and ammunition to be brought into Greece by their athletes. Upon arrival at the Hellenic Customs Authorities, the declared equipment will be registered and must correspond exactly to the information submitted in advance.

All persons who will have access to the firearms must also be registered. The registration is valid for the duration of the athlete's stay in Greece and expires on the day of departure.

Please note that, without the required permit, firearms will be detained by Greek Customs upon arrival and will not be released until all necessary documentation has been completed and the permits issued.

All athletes and team officials must comply with Greek firearms legislation and Customs regulations concerning the import and re-export of firearms. The permit issued by the Greek State requires that all firearms are re-exported at the end of the competition and may not remain in the country under any circumstances.

National Federations are requested to forward this information to all athletes and any team officials who may handle firearms in Greece.

It is recommended that all delegations carry a complete list of firearms and ammunition (Annex 7.2 – Excel file), to be presented to customs or border police upon request, together with the official invitation.
