INTERNATIONAL SHOOTING SPORT FEDERATION

The President

The Secretary General

On behalf of the International Shooting Sport Federation – ISSF – we would like to thank all our athletes for their excellent performances at the Shooting events of the Paris 2024 Olympic Games. We would also like to express ISSF's sincere thanks and appreciation to the organizers of these Olympic Games for their great efforts which has ensured we had an excellent organization of an unforgettable 10 days of shooting sport.

The Chateauroux Shooting Centre demonstrated its excellent functionality and proved extremely comfortable for athletes, coaches and everyone present at the Shooting venue. The ISSF is looking forward to future international competitions on this beautiful facility. It was a great pleasure and a unique experience for 340 athletes representing 81 countries from all 5 continents, and additional two athletes from the Olympic Refugee Team, to be a part of these unforgettable Olympic Games. All the officials, judges, referees and volunteers made an outstanding contribution to ensure that the shooting events of Paris 2024 was a great success. It was a real triumph of teamwork.

We express our sincere congratulations not only to the medallists but also to each participant who showed the world that Shooting sport can truly be considered as an expression of peace, friendship and brotherhood in fair play.

There were many unique moments for shooting sport at Paris 2024: Guatemala won the country's first ever Olympic Gold medal in any sport, Nino Salukvadze of Georgia took part in a record 10th consecutive Olympics, Manu Bhaker became the first Indian women athlete of any sport to win two medals at the same Games. Vincent Hancock of the USA won his fourth individual Olympic gold medal.

We can also relish the fact that our youngest competitor at these Games was just 15 and our oldest 60, returning to the Olympic arena 40 years after his first appearance. Shooting is a sport for all. Let's also be happy that shooting sport suddenly broke into the wider public arena as two of our silver medal winning athletes, Yusuf Dikec of Turkiye and Kim Yeji of the Republic of Korea, became internet sensations, helping to boost the profile of our sport with a completely new audience.

We wish all athletes, officials, judges, referees and spectators a safe return back home and we are sure that everybody will take home good memories of warm friendship and the great atmosphere at Chateauroux.

Yours faithfully,

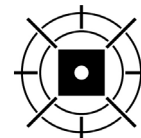

Luciano Rossi

| 10m Air Pistol Mixed Team | 2x30 | 30 min | Full ring with inner tens |

- Team qualifications will be fired on the qualification range
- The two members of each team must be squadded to fire on adjacent firing points with the male athlete on the right and the female athlete on the left. Teams will be squadded by a random computer draw according to ISSF rules. Teams from the same nation may not be squadded next to each other.
- During qualification, non-verbal coaching is allowed
- Each athlete fires independently of their partner
- Decimal ring scoring will be used for the 10m Air Rifle Mixed Team qualification
- Whole ring scoring will be used for the 10m Air Pistol Mixed Team qualification
- Teams will be ranked according to their team scores. Ties will be broken by applying the same ISSF rules as for individuals using the team scores (totals of the two team member scores).
- The athletes from each nation must display their National identification on their shooting clothing as follows:
 - Rifle: The name of the country designated by three letters as determined by the IOC on their jacket pocket on the side which is turned to the audience. If the NOC is already on the shooting jacket, a National Flag should be displayed or attached to the pocket facing the audience.
 - Pistol: The name of the country designated by three letters as determined by the IOC on the sleeve of the T-shirt/sports jacket on the side which is turned to the audience. National flags for each member of each team should be displayed, facing the audience.

- The top four teams in the qualification advance to the final

Final stage 1 (Bronze medal decided), Final stage 2 (Gold and Silver medals decided):

- The medal matches will take place at the final hall
- Electronic targets should be used
- New bib numbers will be allocated to be worn during the final
- Decimal scoring will be used
- Two teams start from zero and take single shots. The team with the highest combined result of the two members (after each shot) wins two points. In case of equal results each team receives one point. The first team to reach 16 points or more will be declared the winner and the match will be stopped.

- In case of a tie where both teams have scored 16 points, the match will continue with one additional shot fired by both members of each team to break the tie. If the scores are still tied the teams will continue to shoot additional shots on command until the tie is broken.
- The final stage 1 (bronze medal match) will be shot first, followed by the final stage 2 (gold medal match). Five (5) minutes after the final stage 1 change over time, the athletes will be called to the line for the final stage 2.
- Teams ranked 3 and 4 after the qualification proceed to the final stage 1. Teams ranked 1 and 2 after the qualification stage 2 proceed to the final stage 2.
- For both final medal matches, the team ranked higher after qualification will take positions on firing points B and C, with the team ranked lower on firing points F and G
- Team members may change positions for the medal matches. If a change is desired, at the end of qualification, the team coach must inform the RTS Jury which team member will shoot on the left and which team member will shoot on the right.
- During the medal matches, each team is allowed one coach who must be seated where he can have access to and can communicate with their athletes. The coach may request a "Time-out" by raising a hand immediately after the completion of a shot whilst the announcements are being made. This may be requested once only by each coach during each medal match. The coach may approach and speak to his athletes on the firing line, for a maximum time of 60 seconds, commencing when the coach reaches the athletes.
- The estimated duration of each of the medal match is up to 20 minutes

Event group G: Skeet Mixed Team event

- The event will be conducted in two phases: qualification and final. The qualification and final are scheduled on the same day. Team scores and rankings are based on the total scores of the two team members in each phase/stage of competition.

Qualification

| | # of Targets |
|-------------------------|--|
| Skeet Mixed Team | 1 male and 1 female: 75 targets each (three rounds of 25 targets each, team total 150 targets) |

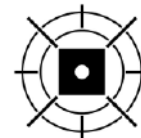

- Qualification team squadding will be made by a random draw. The two members of each team must be squadded to fire next to each other on the same squad, with the man firing first and the woman second.
- Teams from the same NOC shall not be in the same squad
- Each athlete on a team will fire three rounds of 25 targets on three ranges for a total of 75 targets per athlete (150 targets per team).

| | | | |
|--------|----|----|----|
| Male | 25 | 50 | 75 |
| Female | 25 | 50 | 75 |

- Team ranking: Teams will be ranked according to the total scores of the two team members
- Qualification tie-breaking: Ties for positions one to four and/or ties for a place in the final will be decided by shoot-offs. All other ties will be decided by applying the Countback Rule to the combined scores of the two team members.
- After the final qualification ranking is established, the top four teams will advance to the final. The teams ranked 3rd and 4th in qualification will advance to the final stage 1 (bronze medal match), the teams ranked 1st and 2nd will advance to the final stage 2 (gold/silver medal match).

Final stage 1 (Bronze medal match) and final stage 2 (Gold/Silver medal match):

- The final consists of the final stage 1 (bronze medal match) composed of the teams ranked 3 & 4 and the final stage 2 (gold/silver medal match) composed of the teams ranked 1 & 2
- The bronze medal match will be shot first, followed by the gold medal match
- The final matches must be conducted on the final range
- After qualification and any eventual shoot-offs, the four teams which have qualified to the final will be allocated new bib numbers on the basis of their ranking. The athletes of the team in place 1 will receive bib numbers 1₁ and 1₂. The athletes of the team in places 2, 3, 4 will receive bib numbers 2₁ and 2₂, 3₁ and 3₂, 4₁ and 4₂ respectively.
- Each team coach must designate which team member will wear the lower bib number. The lower bib number will shoot first.
- The two teams of each medal match, start from zero and shoot in turn on stations 3, 4, 5, 3, 4 and 5. Each member of the team shoots at 4 targets on each station - one normal and one reverse double (total 4x2=8 shots for each team).
 - station 3: 1 normal + 1 Reverse= 4 Targets
 - station 4: 1 normal + 1 Reverse= 4 Targets
 - station 5: 1 normal + 1 Reverse= 4 Targets
 - station 3: 1 Normal + 1 Reverse= 4Targets
 - station 4: 1 Normal + 1 Reverse= 4 Targets
 - station 5: 1 Normal + 1 Reverse= 4 Targets

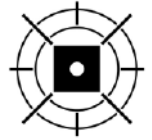

- Total for each athlete: **24 Targets**
- Total for each team: **48 Targets**
- After each medal match is completed the ranking of the two teams will be decided by the combined results of the athletes of each team (2X24=48 targets for each team)
- In case of ties after the matches, immediate shoot-off will take place with the two team members shooting together, followed by the other team.
 - shoot off: stations 3,4,5 to be used.
 - each team member will shoot 1 normal double at station 3,
 - if the tie remains, each team member will shoot a reverse double at station 3.
 - if the tie remains, each team member will shoot a normal double at station 4.
 - if the tie remains, each team member will shoot a reverse double at station 4.
 - if the tie remains, each team member will shoot a normal double at station 5.
 - if the tie remains, each team member will shoot a reverse double at station 5.
- if the tie remains, athletes will continue to shoot in the same sequence but starting with reverse and then normal, and so on until the tie is broken.
- The estimated time of each medal match is up to 30 minutes
- **Records for all events**

Tie-Breaking Rules

For rifle and pistol events, the ISSF rules apply to the qualification but shoot-offs will be organised if ties occur during the final.

For shotgun events, if scores are tied after qualification, shoot-offs will be conducted as per ISSF rules to decide the first six places for the individual events and first four places for the skeet mixed team event to progress to the final. Finalists are given a bib number numbered from 1 to 6 for the individual events and from 1 to 4 for the skeet mixed team event, with the top scorer having number 1, etc. During the final in the individual events in case of tie for the 1st and 2nd places (gold and silver medals), there is an immediate shoot-off. In shoot-offs to decide medals, athletes must shoot in bib number order (lowest number shoots first). In case of tie for 6th to 3rd place, the athlete with the lowest qualification ranking (higher bib number) is eliminated. During the final in the skeet mixed team in case of the tie after the match for the 1st and 2nd places (gold and silver medals), there is an immediate shoot-off with the 2 team members shoot together and then followed by the other team.

Penalties / Disqualification Rules

For rifle and pistol events score protests: an athlete/team may lodge a score protest before the next shot in qualification regarding the value of a shot. No score protests are allowed during the final. If a protest is denied, a 2 point penalty is incurred automatically. Such protests are resolved by the RTS jury.

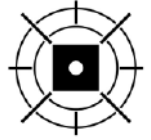

A deduction or penalty must be applied to the score of the match shot/series where the violation occurred. In finals no score below zero will be recorded (e.g. 3 minus 2 point deduction = 1, 0 minus 2 point deduction = 0).

The most common reasons for penalties are minus 2 points for minor infringements of the rules. Disqualification may result from the failure of rifle clothing to pass the follow-up controls after the competition or failure of the pistol trigger weight test (too light).

Protests / Appeals

In qualification, rifle and pistol events have specified protest/appeal times. Official results are not published until protests and/or appeals, if any, are resolved. At the Olympic Games, preliminary results "subject to protest" may be distributed. Any protest (except shot score protests which are not allowed) made in the final will be resolved by the final protest jury.

Decimal ring scores are determined by dividing the scoring area for one full ring into ten equal scoring rings that are designated with decimal values starting with zero (i.e. 10.0, 9.0, etc.) and ending with nine (i.e. 10.9, 9.9, etc.). Each scoring ring is sub divided into 10 zones so that these are scored as 10.9, 10.8 and down to 1.0. |

| Disqualification | A ruling by officials that a competitor or team has broken the rules of the sport and cannot be considered for placing in an event unit, a phase or an event. |
| Double Starter | An athlete, who has been entered in one event through a Quota Place by his/her NOC can be entered as a so-called double starter in other event(s), if he/she is eligible to participate in the other event(s) according to the set criteria in the qualification system. |

| Field of Play | The area where Shooting takes place. It is defined as from immediately behind the firing line to the spectator area. |
| Final | The phase of the competition which follows the Qualification. The top ranked five, six or eight athletes/mixed teams after the Qualification phase, depending upon the event, compete in the Final in which the medal winners are determined. |
| Firing Line | A clearly marked line on the field of play which is the forward point for the athlete's body during competition. No part of the athlete's body may touch the floor or ground ahead of the forward edge of the firing line. |

| Term | Definition |

In Shotgun events only, referees may give penalties in certain circumstances. There are various degrees of penalties e.g. warnings, deduction of points and disqualification. |

| | <p>Quota Places are awarded to the NOC of the athlete winning the place. Each NOC is free to send any athlete to the Games in a Quota place. The athlete who secures a Quota Place is not automatically qualified for the Games, as the final decision will be taken by his/her national team.</p> <p>Each Olympic cycle, the International Olympic Committee (IOC) assigns a certain number of Quota Places to the ISSF, which then distributes them to nations through designated qualification competitions.</p> |

| Relay | <p>A group of athletes shooting on one range at one time. Multiple relays are used in some events when the number of athletes exceeds the range capacity.</p> |
